

Overnight Program Parking and Drop Off

In the evening:

- Drop off your participants and their gear at the Aquarium's main entrance. Remember that children must be accompanied by an adult at all times. Do not leave children unattended at the Aquarium entrance or in the Aquarium lobby. DO NOT leave cars running while you are dropping off your gear. If you are the only adult accompanying campers, you must take them with you to park your vehicle.
- Please park in the multi-level parking garage across from the entrance to the Camden Children's Garden.
- Parking is \$11.00 per car (rates are set by the Camden Parking Authority and are subject to change), payable as you exit the garage in the morning. Please note that there is no attendant on duty, however the kiosks do accept cash and credit cards.
- There will be a blue van shuttling drivers to and from the garage. Due to the large number of participants at the program, ONLY the drivers will be permitted on the shuttle, unless there are no other adults in your group with which to leave your campers. All other participants and their gear must be dropped off at the Aquarium's main entrance. Please be sure to take the van labeled "New Jersey Academy for Aquatic Sciences" and NOT the shuttle bus to the Battleship NJ.
- The garage closes at night at 7pm. The shuttle will stop running at 7pm. Therefore, all cars need to be parked in the garage and all guests should be in the Aquarium no later than 7pm.

In the morning:

- Drivers ONLY should take the blue shuttle back to the garage to pick up their cars, and then drive to the Aquarium main entrance to load up your group's gear. As there is no space to store your gear in the morning, and all gear must be out of the Aquarium by 9:15am, we recommend taking advantage of the shuttle as soon as your group has packed up in the morning. Shuttles will begin running at 7:15am and can be met in front of Aquarium ticketing (where you dropped your group off the night before). Your group may then return to the Aquarium, and drivers can park their car in the flat lot across from the Aquarium.
- Again, only drivers are permitted to ride on the shuttle to the garage. Due to the large number of participants, no other passengers or gear are permitted on the shuttles. If your group is not planning to spend the day at the Aquarium, drivers are still required to get their cars from the garage and pick up participants at the Aquarium's main entrance. You are welcome to walk your group and their gear to the garage from the main entrance; however it can be a very LONG and WINDY walk, especially in the middle of winter and after a long sleepless night at the Aquarium! 😊
- In order to ensure drivers do not have to pay to park a second time, please make sure all drivers have a copy of the parking voucher (attached). This voucher is valid only for the day after your Overnight Program program. NJAAS will not reimburse drivers who have forgotten or lost this voucher, so please stress to your drivers to bring this voucher with them.

Directions to Garage from Aquarium Entrance:

1. Proceed to  **Aquarium Entrance / Drop Off**
2. Follow Aquarium Drive to first stop sign.
3. Make a right onto Riverside Drive and follow to next stop sign.
4. Make a left onto Federal Street.
5. At the stop light, make a right onto Delaware Avenue.

 **Parking Garage** entrance will be on your right.
